

NEWS!

Dear All,

The revised CESC Training Programme is now well underway!

SUCCESS STORIES

The very first 'CESCP Bitesize' on 18th May reached far and wide across the partnership proving to be a great **information exchange** platform. As a result, we would like these monthly sessions to also become a space for **celebrating great multi-agency practice**, enabling us all to gather 'what works'. Please **share your success story**, where a child's situation has improved due to collaborative intervention, and we will be delighted to broadcast the learning for others to benefit.
