

Cheshire East Safeguarding Children's Partnership

APRIL 2023

Dear All,

As part of the refreshed CESC Training Programme, we have introduced some quick and easy monthly drop-in sessions, recognising you run a busy schedule and allowing you to 'upskill on the go' or 'relax, lunch and learn':

- **'How to...?'** sessions offer practical advice around specific tasks with space to discuss and ask questions
- **Spotlight on...** encourages everyone to understand elements of 'who's who' and 'who can do what' amongst the Partnership's multi-layered network of fantastic services and supporting organisations
- **CESCP Bitesize:** represents a 'newsroom' for sharing the key learning from case audits and Child Practice Reviews, nationally and locally, as well as for broadcasting Partnership information that is relevant to all.

These opportunities provide valuable moments for you to connect with colleagues from across the Cheshire East Safeguarding Children's Partnership and to link your family involvements and interventions with our shared focussed work area priorities. All the CESC training sessions and courses are now explicitly associated with one of five focussed work areas. This is depicted via a colour code for each topic to make the association easily known, and the scheme is to be rolled out alongside the programme as we gather pace with the new approach.

Here's a taste of how things are starting to look whilst giving you a glimpse of the dates we have set for the short sessions series:

KEY	Neglect	Contextual Safeguarding & Serious Organised Crime	Child Emotional Health and Wellbeing	Sexual Harm	Working Together
------------	---------	---	--------------------------------------	-------------	------------------

SHORT SESSIONS CALENDAR

Month	HOW TO....?		SPOTLIGHT ON....		CESC Bitesize
	Date	Content	Date	Content	Date
MAY	31 st	Use the I-CSA Screening Tool: know the signs and indicators of CSA	N/A		18 th
